Attachment J: Landscape Waiver Request

Project _____ Docket _____

Waiver from these Regulations. Under conditions where a strict interpretation of requirements may be either physically impossible or create practical difficulties, an alternative compliance procedure may be used to maintain the spirit—rather than the letter—of the law. The proposed solution must equal or exceed standard landscaping requirements. Requests to the Plan Commission for use of alternative landscaping schemes are justified only when one or more of certain conditions apply.

Waiver Guideline Explanation. Attach a separate sheet that justifies that at least one of the five requirements established by the Landscaping Ordinance will be met with modifications, which project conditions justify using alternatives, and how the proposed measures equal or exceed normal compliance. The Plan Commission may, in its discretion, authorize and approve waivers from the requirements and standards of these regulations upon finding that at least one of the following has been adequately justified:

- (1) The sites involve space limitations or unusually shaped parcels.
- (2) Topography, soil, vegetation, or other site conditions are such that full compliance is impossible or impractical.
- (3) Due to a change of use of an existing site, the required bufferyard is larger than can be provided.
- (4) Safety considerations are involved.
- (5) Existing utility lines or easements complicate the placement of required plant materials.

I respectfully request consideration by the Greenwood Plan Commission to waive the requirements established by the following Section(s) of the Greenwood Municipal Code for Article 18 of the Zoning Ordinance: (Staff can assist)

1. Section 10-472 _____:
2. Section 10-472 _____:
3. Section 10-472 _____:

I submit that this request is not in conflict with the Plan Commission's guidelines for review of waiver requests outlined above.

Attachment J: Site Plan Waiver Request

Project _____

Docket _____

Waiver Guideline Explanation. The Plan Commission may, in its discretion, authorize and approve waivers from the requirements and standards of these regulations upon finding that the following nine criteria have been justified. In approving waivers, the Plan Commission may impose such conditions as will, in its judgement, substantially secure the objectives of these regulations (Sec. 10-460, 16.08.1).

- (1) Practical difficulties have been demonstrated;
 - (2) The requested waivers would not, in any way, contravene the provisions of the Greenwood Subdivision Control and Land Development Ordinance, the Comprehensive Plan, or the Official Map of the City;
 - (3) The granting of the waiver will not be detrimental to the public safety, health, or welfare, and would not adversely affect the delivery of governmental services (e.g., water, sewer, fire protection, etc.);
 - (4) The granting of the waiver would neither substantially alter the essential character of the neighborhood nor result in substantial injury to other nearby properties;
 - (5) The conditions of the parcel that give rise to the practical difficulties are unique to the parcel and are not applicable generally to other nearby properties;
 - (6) The granting of the waiver would not contravene the policies and purposes of these regulations;
 - (7) The granting of the waiver is necessary to ensure that substantial justice is done and represents the minimum waiver necessary to ensure that substantial justice is done;
 - (8) The practical difficulties are not created by the Developer, Owner, or Applicant; and
 - (9) The practical difficulties cannot be overcome through reasonable design alternatives.
-

Attach a separate sheet that thoroughly itemizes, explains, and justifies how each Waiver Request meets each of the nine Waiver Guidelines outlined above.

I respectfully request consideration by the Greenwood Plan Commission to waive the requirements established by the following Section(s) of the Greenwood Municipal Code for the Zoning Ordinance of the City of Greenwood: (Staff can assist) *NOTE: Do not use this form if requesting a Waiver from Landscaping or the Stormwater Drainage and Sediment Control Ordinance. Contact the City Engineering Department to discuss drainage waiver requests.*

6. Section 10- _____: _____

8. Section 10- _____: _____

I submit that this request is not in conflict with the Plan Commission's guidelines for review of waiver requests outlined above.

Attachment J: Subdivision Standards Waiver Request

Project _____

Docket _____

Waivers from these Regulations.

Where the Plan Commission finds that extraordinary hardships or practical difficulties may result from strict compliance with these regulations and/or the purposes and intent of these regulations may be served to a greater extent by an alternative proposal, it may approve waivers to these subdivision regulations so that substantial justice may be done and the public interest secured, provided that such waivers shall not have the effect of nullifying the intent and purpose of these regulations. Such waivers may be granted upon written request of the applicant stating the reasons for each waiver and may be waived by two-thirds (2/3) of the regular membership of the Plan Commission. (Sec. 10-501)

The Plan Commission may, in its discretion, authorize and approve waivers from the requirements and standards of these regulations upon finding that the following six criteria have been justified:

- (1) The granting of the waiver will not be detrimental to the public safety, health, or welfare, or injurious to other property.
- (2) The conditions upon which the request for a waiver is based are unique to the property for which a waiver is sought and are not applicable generally to other property.
- (3) Because of the particular physical surroundings, shape, or topographical conditions of the specific property involved, a particular hardship to the owner would result, as distinguished from a mere inconvenience, if the strict letter of these regulations are carried out. Financial hardship does not constitute grounds for a waiver.
- (4) The waiver will not in any manner vary the provisions of the Zoning Ordinance, Stormwater Drainage and Sediment Control Ordinance, Comprehensive Development Plan, or Thoroughfare Plan of the City of Greenwood.
- (5) Where the waiver impacts on design and construction of public facilities, all appropriate public agencies will be given ample time to comment in writing to the Plan Commission.
- (6) The requested waiver is the minimum amount necessary.

Attach a separate sheet that thoroughly itemizes, explains, and justifies how each Waiver Request meets each of the six Waiver Guidelines outlined above.

I respectfully request consideration by the Greenwood Plan Commission to waive the requirements established by the following Section(s) of the Greenwood Municipal Code for the Subdivision Control Ordinance of the City of Greenwood: (Staff can assist) *NOTE: Do not use this form if requesting a Waiver from the Site Plan Requirements, Landscaping, or the Stormwater Drainage and Sediment Control Ordinance. Contact the City Engineering Department to discuss drainage waiver requests.*
